

Spartan Speedway Skid Car Race Rules

NOTE: Pony Stock cars are eligible to enter this event.

1. Any FWD, 4 or 6 cylinder cars. No convertibles.
2. Must be complete stock body as produced by the manufacturer.
3. Must have full windshield. Lexan may be used. All other glass must be removed.
4. Front and rear firewalls must be original and in stock locations.
5. All holes and openings in firewalls must be covered with metal.
6. Interior door panels that are flammable, upholstery, and headliner must be removed.
7. Stock factory (OEM) wheels only, stock for that year, make, and model. Stock steel wheels only. May use safety wheel on RF.
8. DOT street radial tires only.
9. The rear two wheels must have a minimum 36" x 8" x 1/4" carbon steel plate (skid plate) welded to the bottom of each rear wheel. Must be turned up significantly on both ends. Each end of plate must be secured so as the plate cannot turn or roll under any circumstances. Setting of the parking brake does not qualify for secured. **This policy is very important to follow as the purpose is to protect the track surface.**
10. In the event a driver loses a skid plate, they will be disqualified and scored on their last completed lap.
11. May run original gas tank in stock location. It is "highly recommended" to be fully covered with a steel skid plate. Fuel lines must run below floor pan but not below frame rails.

Purse:

1. \$200 2. \$100 3. \$75 Rest: \$50

Competitors must register to compete. There is no registration fee.
